FRANK PONTERIO FURNITURE COLLECTION

Interior Transition: Following his longtime passion for furniture design, renowned Chicago designer Frank Ponterio recently introduced his first product collection, inspired, he says, by “years and years of travel, and the creation of specific custom pieces for past clients.” **Detailed Debut:** Ponterio’s collection consists of 15 elegant pieces crafted from materials such as bronze and petrified wood. “I enjoy the process of creating something from nothing,” he says. Shown above is a project Ponterio designed using his own Agador sofa and Boudoir ottomans to help showcase the room’s expansive vistas. frankponterio.com
